Whole House Protection

The two-way technology which includes a smoke detector, door and window sensors, motion detector, glass break detector and a siren, enhance the effectiveness of your security system and provide you with complete, whole-house protection. Stylish and unassuming, they preserve the beauty of your home while protecting it.

You sleep. We don't.

Our service is monitored by a central station 24/7. These highly trained professionals are always standing by, ready to send help to your home in the event of a burglary, fire or other emergency. So, get some sleep. **We'll be up all night.**

Savings. Comfort. Control.

Easily automate lights, thermostats, locks and more for energy savings, comfort and security.

A Home that Adapts to You

You don't operate on a fixed schedule. Why should your home? Our Home Security is designed for how you really live, with a wireless connected platform that makes your home safer, smarter and more enjoyable than ever. Individually, each product performs wonderfully. Together, they're a way to simplify life.

Smart. Sleek. Simple.

Control security, thermostats, cameras, lights and locks with a simple tap on the touchscreen or the sound of your voice.

- Brilliant, 7" color touchscreen
- Sleek, low-profile design
- Mounts on walls or tabletops
- Intuitive and easy to operate

You talk. It listens.

Our controller responds to simple voice commands, giving you convenient, hands-free home control. Make your mornings more comfortable by saying "Wake Up" to turn the heat up. Ready to turn in? Say "Bedtime" and arm your system, turn off the lights and lock the doors.

Say hello to convenience.

Any phone. Any tablet. Anywhere.

- **Easy, on-the-go** control of security, video, lights, locks and thermostats
- **Get snapshots** of anyone who arms or disarms your security system with the built-in camera
- **Get email, text and video alerts** when important events occur, like when your kids get home from school or a delivery arrives
